www.oricore.com

Thank you for purchasing ultra-thin Bluetooth headset Q3. Smooth touching, easy operation and fashionable design make it the best choice for you. Prior to using the headset, it is recommended to fully charge the headset and pair it with your Bluetooth devices.

1. Q3 Bluetooth Headset Overview

- ①. LED Indicator
- ②. Volume+/Previous track
- ③. Volume-/Next track
- ④. Speaker
- ⑤. Microphone
- ⑥. Charging Socket
- ⑦. MFB

2. Charging Your Headset

The LED will be red when charging. Once the battery is fully charged, the led turns blue. It takes 2 hours to fully charge the headset. (Operation and charging can be done simultaneously) If paired with iPhone, the battery capacity can be indicated on upper right corner of iPhone.

3. Pairing Your Headset

In off status, press and hold the MFB for 3 seconds, the Red&Blue indicator lights for 1 second and the Blue indicator flash for one time. After you hear "Power On" and red&blue indicators blink alternately with "Pairing" voice prompt, it enters pairing status.

Subsequent pairing:

- ①. Active Bluetooth function of your mobile phone.
- ②. Select "More" in the "New Pairing Devices" and search for "Q3" model.
- ③. Press "OK" in your mobile phone and enter PIN code "0000" to pairing it.

Note: Manual operation is needed for some devices though after pairing completed. It is not necessary to enter the code if your mobile phone Bluetooth version is 2.1 or higher.

4. Successful Connection

If the headset connects with your mobile successfully, you can hear "Connected" voice prompt.

When your headset is away from the mobile phone, it will disconnect with voice prompt "Apart already".

Connect automatically: when the mobile phone Bluetooth function is re-opened after disconnected or turned off, click the MFB once and it will connect automatically with "connected" voice prompt.

When headset is disconnected with the mobile phone, you will hear "Disconnected" voice prompt.

5. Multi-point Connection

Method 1:

Turn off the headset after successfully connected with current mobile phone. Turn on the headset again to pair it with another mobile phone. After successfully connected with another mobile phone, please find the pairing record from the first mobile phone and active the history pairing by mobile phone.

Method 2:

Turn off the headset after successfully connected with current mobile phone. Turn on the headset again to pair it with another mobile phone. Disconnect it after successfully connected with another mobile phone. Turn on the headset again to pair it automatically with 2 devices simultaneously.
